

NICMAR University-Pune National Level Post Graduate Research Symposium(NLPGRS), April-11 & 12, 2025 Organized by School of Construction(SoC)					
Project Group ID	Track	Title	Date	Venue	Time
ACM-41	T1	Sustainable Educational Institute Development through Green Rating Systems	12-04-2025	S-13	9:00 pm to 12:00PM
ACM-60	T1	Green Construction : Legal Issues and Challenges			
ACM-63	T3	To examine the Impact of Urban mobilization on Urban development in Pune city			
ACM-107	T4	Balancing Infrastructural growth and sustainability: A critical analysis of the Jewar Airport Project			
ACM-138	T1	Comparative Analysis of Solid Waste Management Practices in Pune and Visakhapatnam			
ACM-151	T4	Self Sustainability in Integral Township			
ACM-162	T4	Analysis of the implementation of effective waste management practices in Construction projects and sites			
ACM-164	T4	Study of Environmental Impacts of waste to energy Projects and its Technology			
APM-8	T4	Estimating project cost of Energy-Compliant building			
APM-29	T4	Evaluation framework for environmental sustainability in real estate			
ACM-59	T1	Ergonomics in construction by RULA	12-04-2025	S-14	9:00 pm to 12:00PM
ACM-62	T1	Quantitative Risk Assessment and Safety Qptimization in Construction workflows			
ACM-82	T5	Analysis of accidental incidents at construction sites:A review			
ACM-96	T5	Application of Lean Tools in Precast Manufacturing			
ACM-97	T4	Analysis of NICMAR University campus performance			
ACM-152	T1	Crane operations in Precast Construction			
ACM-163	T5	Impact of price fluctuations of materials for Residential buildings using Monte Carlo simulation			
APM-15	T1	Analysing the cost factors and implementation challenges in advancing the use of precast concrete technology in Highway Construction			
APM-13	T4	Life cycle analysis of conventional concrete and ground granulated blast furnance slag concrete: A comparative study			
ACM-14	T1	Optimization of last mile delivery in construction projects: Improving Efficiency through routing lgorithms and technology integration	12-04-2025	S-01	2:00 pm to 5:00PM
ACM-35	T5	Optimizing resource management in construction projects using lean principles.			
ACM-43	T1	Better Construction Supply Chain thorough Collaboration and Technology			
ACM-53	T1	Digitalization for sustainable construction supply chain management			
ACM-99	T1	Quality Improving using six sigma methodology for pre cast structures			
ACM-153	T1	Industrial revolution 4.0 in Construction Industry: Challenges and opportunities			
ACM-161	T1	Impact of Digitalization on Supply Chain Management			
ACM-167	T1	Digitally Integrated Agile Project Management and Lean Construction			
APM-11	T5	AGILE METHODOLOGY IN construction management			
Project Group ID	Track	Title	Date	Venue	Time
ACM-20	T1	LEGAL COMPLIANCE IN CONSTRUCTION OF TUNNEL: ISSUES & CHALLENGES	12-04-2025	S-15	9:00 pm to 12:00PM
ACM-71	T1	Barrier in digital transformation in small scale construction entrepreneurship			
ACM-72	T6	Bridging the Gap: Use of Technology to Enhance stakeholder communication ad collaboration in construction project			
ACM-80	T6	Unethical practices in construction projects			
ACM-81	T1	Human Resource Management in Construction Safety using IoT			
ACM-86	T6	A study of liasoning, and communication in managing stakeholders of redevelopment projects			
ACM-142	T2	Location choice for Real estate			
ACM-166	T6	Digital Leadership in Construction Projects - A study of drivers, barriers and Consequences.			

NICMAR University-Pune National Level Post Graduate Research Symposium(NLPGRS), April-11 & 12, 2025 Organized by School of Construction(SoC)					
Project Group ID	Track	Title	Date	Venue	Time
ACM-6	T1	To Study the Difficulties Faced by Organizations in Managing Over-allocated Resources	12-04-2025	S-13	2:00 pm to 5:00pm
ACM-45	T1	Utilisation of C & D wasteer and plastic fiber for production of geopolymer paver blocks			
ACM-56	T1	Risk Management in Precast concrete structure installation and transportaion			
ACM-65	T1	Assement of level of adoption of modern technology improving safety culture in construction project			
ACM-91	T1	Development of foot over bridge between Hinjewadi and Wakad in Pune using PPP model			
ACM-121	T7	Business plan for Construction Blocks			
ACM-127	T1	Implementing precast Technology: A Road map to mitigate Time and Cost Risk in Indian Road Infrastructure			
ACM-128	T1	Sustainable construction practices using the concept of green building			
ACM-168	T1	Investigation on self healing concrete using Bacillus subtilis Bacteria.			
ACM-175	T1	Feasibility study of Precast foundation			
ACM-7	T1	Study of traffic roadway & environmental problems associated with urban arterial road construction projects	11-04-2025	S-13	2:00 pm to 5:00PM
ACM-27	T1	Analzing & Investing Pedestrain safety in urban enviroment			
ACM-74	T1	Study of access roads in select locations in western pune city			
ACM-88	T7	Study of Traffic Management at Road Intersection in Pune			
ACM-145	T5	Case Study on 84,400KM single lane bituminous concrete road paved between Amravati and Akola Districts on NH53			
APM-10	T4	A study to establish the connect between strategy & performance of oil & Gas sector companies through Quantum Jump model			
ENS-2	T4	Damage assessment due to wildfire using remote sensing & GIS : An Indian case study			
REUIM-3	T2	Renewable Energy Integration in Real Estate Development			
Madhanraj Murugesan	T1	Monopile Foundations in Marine Infrastructure Projects			
Arya Kiran Sankhe	T1	A Comparative Study of Conventional and Alu-Form (Mivan) Formwork in High-Rise Buildings	11-04-2025	S-14	2:00 pm to 5:00PM
Avadhut Makarand Behere		A Review Paper: Comparative Study Between Properties of Tor-Steel and Stainless-Steel			
ACM-15	T5	Risk Management in High Rise Building			
ACM-58	T1	The Sinking of Joshimath: A Geotechnical Perspective on Risk and Miti			
ACM-85	T5	Risk Management om Hill Road Projects			
ACM-131	T7	A case Anlysis of Price Movements and Absorption Rates in Real Estate			
ACM-139	T3	Analysing the impact of debt to equity ratio on profitability in Infrastruture sector			
REUIM-1	T2	Real Estate Asset Classes: Role on Multi Asset Portfolio Designing			
REUIM-8	T2	Green Bond financing for sustainable real estate			
Vaishnavi B	T3	Port-Led Urban Transformation	11-04-2025	S-14	2:00 pm to 5:00PM
Mauti Dangle	T3	Interpretation of current urban redevelopment and neighbourhood liveability			
Rushi Daund	T3	Evaluating Sustainability of Urban Transport in Cities			

NICMAR University-Pune
National Level Post Graduate Research Symposium(NLPGRS), April-11 & 12, 2025
Organized by School of Construction(SoC)

Project Group ID	Track	Title	Date	Venue	Time
ACM-57	T4	Circular economy strategy for construction material reuse through deconstruction methods in India	11-04-2025	S-15	2:00 pm to 5:00PM
ACM-76	T5	A study on Arbitration Process and Delay Analysis in Construction Projects			
ACM-106	T2	Township development in North Eastern region of India: An assessment			
ACM-144	T1	Evaluating Risk Management in Construction through Knowledge - Based Practices: A Spearmans Rank Correlation Analysis			
ACM-155	T3	Analysing the effects of migration patterns on the development of urban areas.			
APM-20	T5	Cost & Benefit analysis of green buildings vs conventional buildings			
APM-22	T1	Efficient time and cost control: A comprehensive analysis of construction project phases			
APM-31	T5	Assessing the performance of smart city mission project: A project management perspective			
REUIM-2	T2	Impact of Renewable Energy Projects on Land Economics			
ACM-30	T1	Feasibility study on use of Industrial waste for sustainable construction	12-04-2025	S-14	2:00 pm to 5:00pm
ACM-87	T4	Energy, Enviornment and sustainability			
ACM-126	T4	Impact of ESG scores on the Financial performance of crip sector companies in India			
ACM-133	T4	Assessing the impact of energy projects in meeting the Susteainable Development Goals			
ACM-134	T4	Output comparison of different PV systems design software simulations with the actual NICMAR University solar system output.			
ACM-158	T4	Advanced Technologies and Sustainability Practices for High rise buildings construction			
ACM-174	T4	Development of Sustainable Port Infrastructure : A study in India			
REUIM-16	T4	Assessing the cost effectiveness & feasibility of piezoelectric tiler in India			
REUIM-17	T2	Comparitive Analysis of operational parameters in electric busfleets : Scope of work			
Project Group ID	Track	Title	Date	Venue	Time
ACM-12	T1	Comprehensive Review of BIM integration for advancing circular economy practices in construction	11-04-2025	S-16	2:00 pm to 5:00PM
ACM-32	T6	The role of leadership in enhancing megaproject delivery performance through citizenship behaviour			
ACM-83	T1	Design a framework for coversation of existing buildings into green buildings			
ACM-92	T6	Stakeholder Identifiacation & Management in Small Scale Real-Estate Projects			
ACM-98	T7	A study on itellectual capital in the Indian construction contracting firms			
ACM-132	T6	factors affecting crisis communication b/w internal stakeholders in Indian Constrcution Industry			
ACM-159	T1	A study on factors affecting Employability of Technical Graduates in Indian Construction Management			
APM-19	T7	Influence of stakeholder engagement on project success: Examining the intermediate roles of citizenship behaviour project resilience and project complexity using a systematic literature review			
ACM-9	T1	Triad Harmony: Integrating Cost, Quality, and Time in Civil Retrofitting Project	12-04-2025	S-15	2:00 pm to 5:00pm
ACM-23	T1	Identification of Success Factors and Analysis of Barriers In The Implementation of Safety Management System (SMS) in The Construction Industry			
ACM-24	T5	Systematic Literature Review on Quality Function Deployment in assessing Service Quality			
ACM-25	T1	Automated Construction safety inspection system leveraging computer vision			
ACM-34	T1	Made safer tomorrow: Leveraging the internet of things to ehnnace safety on construction sites			
ACM-38	T1	Enhancing Resilience in Construction Safety			
ACM-39	T2	Optimizing Ergonomics in construction: A REBA assessment approach			
ACM-78	T1	Bridging the gaps in safety culture of Indian construction industry: A mixed methods approach			
REUIM-15	T4	Innovations in Eco Friendly Housing			

NICMAR University-Pune National Level Post Graduate Research Symposium(NLPGRS), April-11 & 12, 2025 Organized by School of Construction(SoC)					
Project Group ID	Track	Title	Date	Venue	Time
ACM-13	T6	LOGISTICS COSTS AND COMPETITIVENESS OF INDIAN PRODUCTS IN GLOBAL MARKET	12-04-2025	S-16	2:00 pm to 5:00pm
ACM-48	T6	Revolutionizing Urban Transit: A comprehensive look at metro rail projects in india			
ACM-50	T1	Integrating static and Dynamic Risk Management for enhanced construction safety			
ACM-130	T7	A Strategic Dividend Policy Framework for Real-Estate And Infrastructure Firms			
ACM-143	T2	Enterprice Risk Management in Real Estate Project : A case study of Belguam based Real estate Developers			
APM-4	T5	Risk Analysis of underground tunnel project			
APM-26	T5	Contractual Risk Allocation in EPC Mega Projects			
REUIM-9	T3	Acquisition's Synergy Evaluation - Indian Cement Industry			
ACM-69	T1	Digital Marketing Strategies in Real Estate for Pune city	11-04-2025	S-17	2:00 pm to 5:00pm
ACM-93	T1	Marketing Strategy for premium housing segment in Pune			
ACM-119	T3	Developing a business plan for creating a real estate construction firm			
ACM-148	T1	A study on safety and Risk Management on Construction Projects with Special			
ACM-169	T6	Risk Management in Mega Infra Projects: A Systematic Literature Review.			
APM-25	T3	Project sales & marketing management post sales clients relations			
MBA-3	T3	ENHANCING INFRASTRUCTURE PROJECT PERFORMANCE THROUGH RESILIENCE			
Sweta Jagdish Parmar	T1	Assessment of critical success factors for a Project Delivery			
Saif Shafi Qureshi	T1	Analyzing Construction Delays Using Microsoft Project and Earned Value Analysis			
Arjun V A B		Planning and PMC for Repair of a building through MSP			
Project Group ID	Track	Title	Date	Venue	Time
ACM-1	T1	Synergizing lean construction , building information modelling and sustainability: A comprehensive review and integration analysis in building construction projects	12-04-2025	S-17	2:00 pm to 5:00pm
ACM-11	T4	Integrating Lean Construction and BIM for Advancing sustainability in construction projects: A survey Based Framework			
ACM-18	T5	An analysis on time effiency of lean construction methodology in transport infrastructure projects in India			
ACM-26	T1	Integrating Lean practices and the last planner system for delay analysis and waste reduction in construction projects			
ACM-37	T5	Explorinf Agile Practices in Megaprojects: A systematic literature review on stakeholder engangement, Innovation & sustainability			
ACM-118	T1	Critical success factor for implimentation of lean construction in India			
ACM-156	T1	factors affecting the safety behaviour of Professionals in Construction Industry			
ACM-171	T1	Barriers in Occupational safety imlementation: A study in Indian Construction Industry			
APM-7	T1	Application of Lean Principles in EPC Projects			
APM-24	T5	Assessing the potential lean in Mega project			
ACM-125	T3	Strategies Formulation for model village	12-04-2025	S-18	2:00 pm to 5:00pm
REUIM-13	T2	Analyzing the impact of senior housing projects on the socio economic enivronment - A case study of Pune city			
Sukruti Magar	T3	Analysing the implication of integration of electric bus service in urban transist system			
Subham visaria	T3	Development of a framework for sustainable development in the domain of SWM using the participatory approach: Case of Pune			
Avi Gandhi	T3	Integrating transist oriented development and land pouling mechanisims: A review of urban planning strategies for Indian Cities			
Swapnesha	T3	Analyzing and comparing the urban sprawl in tier-2 cities of India: A GIS based study			
Avanti	T3	Development- Centric urban regeneration for socio-economic and environmental revitalization- A case study of Yavatmal			
Samruddhi Tambe	T3	Exploring liveability and city systems as measures of urban competitiveness in India			

NICMAR University-Pune National Level Post Graduate Research Symposium(NLPGRS), April-11 & 12, 2025 Organized by School of Construction(SoC)					
Project Group ID	Track	Title	Date	Venue	Time
Nikita Kishor Raut	T3	Balancing spatial Expansion and Socio-Economic inclusion in peri urban area-A case study of Nashik			
Akshay Gajelwad	T3	Vulnerability Assessment of Slums: A case of Yavatmal City			

NICMAR University-Pune National Level Post Graduate Research Symposium(NLPGRS), April-11 & 12, 2025 Organized by School of Construction(SoC)						
Project Group ID	Track	Title	Date	Venue	Time	
Project Group ID	Track	Title	Date	Venue	Time	
ACM-10	T2	Challenges in MEPF services in retail store setup: A case study Approach	12-04-2025	S-16	9:00 pm to 12:00PM	
ACM-102	T2	Impact of Immersive media on buying decisim in real estate market				
ACM-117	T3	Financial Risk Assessment of Public Private Partnership Infrastructure Project				
ACM-120	T5	Framework of HAM model under PPP				
ACM-122	T1	Enhancing infrastructure through Public Private Partnership by controlling & managing cost & time overseas				
ACM-124	T6	Factors Influencing PPP projects in India				
ACM-141	T5	Analysis of Hybrid Annunity model under Public Private Partnership in Highway projects .				
ACM-160	T7	Impact of Working capital Turnover ratio on Profitability in Indian Real estate Sector				
APM-27	T5	Scenerio Analaysis in project cost estimation using morphological analysis				
ACM-52	T1	Raod saftety rating using iRAP	11-04-2025	S-18	2:00 pm to 5:00pm	
ACM-113	T2	Development of Real Estate Business in Maharashtra				
ACM-115	T6	An exploratory study of stakeholder management practices in the Indian construction sector				
ACM-135	T5	Stakeholders Engagement Strategies in Mega Infrasture Projects: A review of Literature				
ACM-136	T6	Analysing and Ranking of various stakeholders engagement stregies for smart cities Development				
ACM-140	T1	Identifying and controlling Real estate Projects Delays: A Pune Region study with SPSS				
ACM-173	T3	Balancing Urbanization and Cultural Preservation in Construction in Construction Practices in Northeast India				
APM-21	T3	Examining the strategies for stakeholder engagement & management in PPP construction				
APM-30	T2	Expectation Dis conformity model for mumbai metro line				
REUIM-10	T2	Exploring risk fators in Indian REITs in the global context from Investor's perspectives				
ACM-36	T2	Factors Affecting Rentals in Balewadi Baner Pune	11-04-2025	S-19	2:00 pm to 5:00pm	
ACM-64	T3	Mapping EV Infrastructure: Insights from				
ACM-165	T2	Redevelopment of Construction Projects: issue and Challenges				
ACM-172	T2	Real Estate Marketing of Commercial Building in India				
REUIM-4	T2	Review of Key Determinants Retail Influencing Retail Property Valuation				
REUIM-5	T1	Asset Management Approach for Infrastructure Maintenance				
REUIM-11	T2	Share Pledging & Real Estate Prices: An Exploratory Study				
REUIM-14	T6	Impact of Digital Marketing in Real Estate				
Project Group ID	Track	Title	Date	Venue	Time	
ACM-170	T6	Effect of Intellectual capital on firm's performance: A study on Indian Construction consulting firm	11-04-2025	S-20	2:00 pm to 5:00pm	
APM-5	T5	Unravelling the Tapestry of Time Delays in Real Estate Development.				
APM-9	T5	A review of project cost controlling techniques for construction projects				
MBA-1	T3	Influence of personality types on investements choices				
REUIM-12	T2	Study on the parameters affecting housing redevelopment feasibility				
P.V. Phalguna Kumar	T3	Examining the Land value increment trend along metro transist corridor in Pune				
Sanika Prakash Shinde	T3	Urban Evolution: Analysing the Pune Metros Influence on Real Estate Dynamics, Land use Shifts, built form				
Rani R. Patil	T3	A Thematic Literature Review of Unplanned Settlement Around Integrated Townships				
Shreeraj Anand Narsale	T1	Cash Flow Analysis for Hybrid Annuity Model of Road Project				

NICMAR University-Pune
National Level Post Graduate Research Symposium(NLPGRS), April-11 & 12, 2025
Organized by School of Construction(SoC)

Project Group ID	Track	Title	Date	Venue	Time
ACM-44	T1	Critical Chain Project Management (CCPM) in EPC Projects	12-04-2025	S-17	9:00 pm to 12:00PM
ACM-109	T5	Sustainable Construction supply network optimization: An Empirical Analysis			
ACM-154	T5	Algorithmic management in project based organisations			
ACM-157	T1	Challenges faced in material management of Green buildings in Pune			
ACM-176	T1	Ranking of selected smart villages in Maharashtra by TOPSIS method.			
APM-12	T5	SIX SIGMA IN LINEAR PROJECT DELIVERY			
APM-14	T2	Infrastructure project risk assessment using modified failure modes and effects analysis			
APM-16	T7	Sustainable supply chain management in Agriculture			
APM-32	T5	Study of musculoskeletal disorder of construction workers			
ACM-46	T1	Framework to enhance the problems in urban road development - case study of pune city	12-04-2025	S-18	9:00 pm to 12:00PM
ACM-47	T1	Diagrid structure in High rise building: A BIM implementation, risk assessment and safety measures			
ACM-55	T1	A study on Quality and Safety Aspects in Tunneling			
ACM-67	T1	Evaluating Stay-in-Place UPVC Formwork: Cost, Benefits, and Implementation in Construction			
ACM-73	T1	Analysis of safety practices in high-rise building construction for developing effective safety management system			
ACM-84	T1	Sustainable concrete			
ACM-105	T1	Identification of lean Tool's in RMC plant			
ACM-129	T5	Process mapping to Identify and Minimize Wastes in Framework Operations			
ACM-146	T1	Optimizing Construction site layouts using extended Reality Technology			
ACM-150	T1	Bridging Theory and Practice: Effective Construction and Demolition Waste management in Urban Construction			
Project Group ID	Track	Title	Date	Venue	Time
ACM-19	T5	Integrating BIM & lean principle for SEMs in Indian Construction	12-04-2025	S-19	2:00 pm to 5:00pm
ACM-21	T1	Application of BIM in construction safety management			
ACM-31	T1	Integrating BIM with modular construction: Challenges and strategies to enhance industry efficiency			
ACM-42	T4	Leveraging BIM for sustainable construction practices and integrated project delivery			
ACM-101	T5	Exploring the efficiency of lean construction tools in boosting safety on construction sites			
ACM-111	T1	Comparative Analysis of lean construction Tools: Optimizing waste reduction and efficiency in residential projects			
ACM-112	T1	Integrating BIM and lean principles for enhanced construction performance in India			
APM-2	T1	Investigations on applications of BIM for managing MEP Projects			
APM-3	T2	Investigations on the role of BIM for Facilities in Management			
ACM-8	T2	Cost Overrun Analysis in Construction Projects: Challenges, Optimization, and BIM Integration	12-04-2025	S-20	2:00 pm to 5:00pm
ACM-40	T1	Analysis of Interaction among the critical success factor affecting a successful claims management			
ACM-51	T6	Selection of Construction contractors using Fuzzy analytical Hierarchy Process (FAHP) and Fuzzy technique for order preference by similarity to ideal solution (Fuzzy topsis)			
ACM-54	T5	Analysis of contractual claims arising from covid 19 pandemic dispute: A review of literature and selected case studies			
ACM-61	T1	Assessing the Delay Analysis in Multistorey Residential Project using Time Motion Study			
ACM-70	T1	AI-Powered Construction and Dispute Resolution: overcoming challenges and enhancing efficiency in the Indian context			
ACM-116	T1	Factors leading to Delay caused by Land - Acquisition			
ACM-123	T1	Statistical study of Digitalization in Construction Industry			
APM-17	T5	COMPREHENSIVE DELAY ANALYSIS OF SUBSTRUCTURE IN CONSTRUCTION PROJECT			

NICMAR University-Pune National Level Post Graduate Research Symposium(NLPGRS), April-11 & 12, 2025 Organized by School of Construction(SoC)					
Project Group ID	Track	Title	Date	Venue	Time
ACM-17	T1	Decision making framework for compensation claimed over extension of time (EOT)	12-04-2025	S-19	9:00 pm to 12:00PM
ACM-66	T5	Managing time overrun in Indian Real Estate Projects			
ACM-68	T5	Cost Escalation in Consultation Projects			
ACM-75	T5	Arbitration in Dispute Management			
ACM-77	T1	Evaluation of risk factors affecting time and cost overrun in Indian Metro projects			
ACM-104	T1	Identify and evaluate the key variables influencing the complexity of the construction project			
ACM-137	T5	Evaluation of Transparency and Efficiency of E-procurement system in Construction Works			
ACM-147	T1	A study on Constrcution Cost with reference to schedule			
APM-18	T5	Tender Evaluation using data analytics
