Karnatak Law Society's

**Gogte Institute of Technology**

Department of MBA

"Jnana Ganga", Khanapur Road, Udyambag, Belagavi-590008, Karnataka, India

Presents

# A TWO-DAY NATIONAL CONFERENCE

(HYBRID MODE)

ON

**Empowering Change  
Achieving Sustainable Development  
Goals (SDGs) for a Better Tomorrow**

27<sup>th</sup> & 28<sup>th</sup> September 2024

Karnatak Law Society founded in 1939 with a distinguished and clear vision to support the large number of quality education aspirants in the northern part of Karnataka. Today KLS imparts exceptional quality education in Engineering, Management and other allied areas to more than 20,000 students through its institutes situated in various parts of Northern Karnataka.

**KLS Gogte Institute of Technology (GIT)**, the flagship institute of Karnatak Law Society was inceptioned in 1979. The institute houses 09 under graduate and 06 post graduate disciplines including MBA and MCA programs. GIT has the honor of sheltering over 3000 students and about 250+ highly qualified and motivated faculty.

Department of MBA began its journey in the year 2007 with a strong belief of combining technical expertise with a management degree such as Master of Business Administration (MBA). Department of MBA persistently struggles hard in developing the learning community by conducting programs like MDP, FDP, and Seminars etc. In continuation of this legacy, the department is organizing yet another National Conference to bring together academicians and Industry experts in the field of management to a common forum.

## About the Conference ▶

In a world facing pressing global challenges, the pursuit of sustainable development has become more crucial than ever. The Sustainable Development Goals (SDGs), a universal call to action to end poverty, protect the planet, and ensure prosperity for all, provide a roadmap for positive change. The theme encapsulates the spirit of collective action needed to achieve these goals and create a better tomorrow for generations to come.

Achieving the SDGs requires collaboration across sectors, nations, and generations. Governments, businesses, civil society, and individuals must join forces to implement innovative solutions, break down systemic barriers, and drive meaningful change. This theme emphasizes the transformative power of collective action and the role each stakeholder plays in contributing to a more sustainable and equitable world.

The conference aims to bring out research articles that envision a future where prosperity is shared by all and commit to the hard work required to turn aspirations into reality. This conference converges people from business, technology, science, education, design and law to explore how to harness sustainable development goals for a better tomorrow.

## Objectives ▶

- To Increase awareness among participants about the importance of sustainable development and its impact on various aspects of society, including the environment, economy, and social equity.
- To Facilitate the exchange of knowledge, best practices, and innovative ideas related to sustainable development among stakeholders.
- To Provide a platform for policymakers to discuss and develop policies that promote sustainability at the national, regional, and local levels.
- To Showcase successful sustainability projects, initiatives, and solutions from various regions and sectors.
- To Identify and prioritize key sustainability challenges facing the

nation and develop strategies and action plans to address them.

- To Encourage the development and adoption of innovative technologies, practices, and business models that promote sustainability and contribute to the achievement of national development goals.

## Sub-themes ▶

- Innovation and Technology for Sustainability:
- Community Engagement and Grassroots Initiatives:
- Climate Action and Environmental Stewardship:
- Social Inclusion and Equality:
- Education for Sustainable Development:
- Corporate Social Responsibility (CSR) and Sustainable
- Business Practices:
- Health and Well-being:
