

INTERNATIONAL CONFERENCE ON THE FUTURE OF BUSINESS JAN 11-12, 2025

HYBRID MODE AND PRE-CONFERENCE SEMINAR/ WORKSHOP JAN 10, 2025

Call for Research Papers, Case Studies, and Teaching Cases

Institute of Management Technology Nagpur, in association with AIMS, is pleased to announce its International Conference on the Future of Business (ICFB-2025) on January 11 & 12, 2025, in Hybrid mode and the Pre-conference Seminar/ Workshop on January 10, 2025.

Rapid technological innovations, geopolitical upheavals, demographic shifts, socio-cultural movements, and climate change concerns are changing consumer tastes, preferences, and behavior and forcing business organizations to revisit their existing offerings, processes, alliances, and locations. To remain relevant and competitive in a rapidly changing business environment, business organizations must develop new innovative products, relocate production and sourcing destinations, and devise new business models and strategies to remain cost-effective and efficient.

Conference Themes

International Conference on the Future of Business explores the impact of emerging technological trends, geopolitical conflicts and risks, demographic shifts, sociocultural movements, and global climate challenges on the economy. With this objective, we, the conference organizers, invite abstracts, research papers, articles, case studies, and teaching cases broadly in the following areas:

- Business applications of artificial intelligence and machine learning
- Adding and delivering value through digital transformation and automation
- Internet of Things (IoT), cloud computing and business transformation
- Cyber-security measures and policies for protecting business data, cash flows and customers
- Blockchain applications in business and finance
- Shifting demographics, the future of work, and changing consumer choices
- Socio-cultural shift and diversity and inclusivity at the workplace
- Technological advancements and flexible work arrangements
- Green innovations, sustainable mobility, and clean energy solutions for a circular economy
- De-globalization and new supply chain management
- Technology-enabled on-demand labor models and platforms
- Social media platforms and marketing
- Business Ecosystem, Strategy and Future of Business

These listed themes are just indicative and are not exhaustive.

About IMT NAGPUR

Established in 2004, IMT Nagpur is now one of the finest AICTE-approved management institutes. Accredited by SAQS, all PGDM programs of IMT Nagpur are equivalent to MBA for Higher Studies. IMT Nagpur has successfully nurtured and educated budding talents in Marketing, Finance, Business Analytics, Human Resources, and Operations. We aim to provide students with a value-driven, technology-oriented academic environment and help them achieve their dreams! In our approach, we value integrity and sensitivity to sustainability. Our mission is to help students excel in their life. With our cutting-edge curriculum, experienced faculty, and a pool of 5000 plus alumni spread all over India and other countries, IMT Nagpur strives to be a key contributor in innovative management education in India."

IMT-Nagpur offers Two Year Post Graduate Diploma in Management (PGDM) program to equip students with management education across various functional domains like economics, business analytics & IT, operations, OB & HR, finance, and marketing. It aims to allow young graduates to develop managerial skills across these areas. The program also focuses on developing soft skills and technical knowledge among students, which are equally essential to compete and thrive in the competitive business environment. The curriculum has been designed to lay a strong foundation for developing the logical and analytical skills of the students. The program provides an intensive, stimulating, and challenging learning experience in the management discipline.

Location & Environment

IMT Nagpur firmly believes that the environment plays a crucial part in shaping the development of a student, academically and otherwise. Clean, peaceful, and tranquil surroundings help students concentrate better on their studies as no distractions are encountered in the urban vicinity. It offers students an environment that helps them resonate with their intellectual potential and channel it without distractions.

IMT Nagpur understands the value of where students acquire education, so we have ensured a composed learning experience. The location and environment of IMT Nagpur add to its sterling image of being among the top PGDM colleges in India. Our campus is located at a distance of 35 KM from Nagpur City, in a remote location surrounded by lush greenery. Amid the fresh & healthy ambiance of the college campus, the students will be far away from any kind of disturbance and concentrate on achieving academic excellence. IMT Nagpur is not just a college that trains its students to become future corporate leaders, but it also educates them in becoming responsible humans. We integrate the same principles in every fragment of our campus structure. To support our ideologies, we have established a full-fledged solar panel system across the campus to make it more energy efficient.
